We Herewith Present you Our Catalogue

And Wholesale Price List of

The Litson Nursery,

FOR THE SPRING OF 1895.

THIS price list is intended for Farmers and Horticulturists desiring to purchase their nursery stock direct from the nursery at low prices.

Being sole owners of the Nurseries and Office, and having no other conflicting business, we give our entire attention to the management.

Customers may rely upon receiving the benefits of our years of experience in the improved methods of growing and handling nursery products. We confidently ask the attention of our patrons to our stock, and trust when possible, they will look through it and see what we have.

Our Representative will not Annoy You.

You have doubtless been called upon by the tree agent, and you are familiar with his methods of making sales of trees and plants. But this is different. Our Representative, which is this catalogue, taps at your door in a very modest and unassuming manner. If you have not time to receive him the moment or the day he calls, he will wait unobtrusively for an hour of leisure. We have no desire that you should purchase anything that you do not want; but if we can be of service to you it will be a pleasure to wait upon you.

We are positive that whoever buys our trees and plants will get back in money, health or pleasure, many times as much as he pays out. Indeed, as the years roll on and age increases, it is a pleasure to consider how many hundred homes we have brightened and increased in actual money value by the products of our nurseries. How unlike the traffic of the tobacconist or the distiller of liquors is the growing of trees and flowering plants. One tends to degrade, the other, to elevate and nourish.

Now is the time to plant.—Just one more word and we are done. If you are planning to plant, do not delay. Delays are dangerous. Now is the accepted time. A year lost in the growth of your plants and trees is an unnecessary loss.

Should you favor us with your order, we pledge our honor that we will serve you well. We are here to see that no patron is neglected.
